Education

- Bachelor of Science | Purdue University | GPA: 2.8   May 2020
  Major: Web Development and Design; minor: Business Management
- Stephen F. Austin High School | GPA: 3.2   May 2016

Relevant Coursework

- DreamWorks Animation Patent Wall Design Project
  - Project Scope: Currently the R&D department at DreamWorks Animation has physical plaques of all their patents and the wall needed to be moved. In order to save money, time, and space to move this wall I worked on digitizing the patent wall by building it on web languages.
  - Analyzed functional requirements, developed code and currently testing software applications
  - Tools: Dreamweaver, JavaScript and HTML5
- Courses Completed
  - CGT 353 Principles of Interactive and Dynamic Media
  - CGT 256 Principles of User Experience Design
  - CGT 456 Advanced Web Programming, Development and Data Integration
  - MGMT 304 Corporate Financial Management

Additional Academics

- Japanese Language 1, 2, and 3 | Austin Community College   Winter 2015 to Summer 2016
  - Took Japanese language courses during summer due to interest in culture
  - Achieved conversational level of competency
- Digital Media Academy | University of Texas at Austin,   Summer 2014
  - 2 week summer intensive covering Coding and Programming
- Digital Media Academy | University of British Columbia   Summer 2013
  - 2 week summer intensive covering Python and C# (C Sharp)

Leadership and Involvement

- President | Purdue Overwatch Club   Fall 2017 to Spring 2018
  - Responsible for planning events, organizing teams, and managing budget
- Team Member | Rowing Team at Texas Rowing Center   Fall 2014 to Spring 2016
  - Trained 16 hours per week, 36 weeks per year
  - Competed at U.S. Nationals, July 2014
  - Earned third place at Novice Mixed Eight's, November 2014
- Volunteer | Austin Pets Alive (total of 12 hours)   Spring 2015
  - Walking pets, discussing pets with possible families, cleaning out cages

Employment Experience

- Cashier | Tomlinson's Pet Store   November 2016 to February 2017
  - Provided efficient and knowledgeable customer service
  - Balanced cash register at end of shift accounting for thousands of dollars in revenue
- Server Assistant & Host | Kome Sushi   Summer 2017 and Summer 2018
  - Assigned patrons to tables suitable for their needs according to rotation in a fast paced restaurant
  - Excelled at time management and customer service in one of the busiest restaurant industries in the US

Skills

- C#
- JavaScript
- HTML5
- CSS
- PHP
- JavaScript
- SQL databases
- Conversational Japanese
